Hello Clementina,

Apologies — this went to my spam. Can we change the headline to not include Hermes? Hermes has nothing to do with this project, it is fully parody and we do not want to confuse any consumers.

Best,

MASON ROTHSCHILD

Dear Mason

I hope you're well

I'm covering the news of your MegaBirkin drop on [ELLE.COM/UK](#) and wondered if you had any comments you'd like me to include?

In particular, if you'd like to respond to Hermes' statement for the FT, as below?

'These NFTs infringe upon the intellectual property and trademark rights of Hermès and are an example of fake Hermès products in the metaverse.'

All the best

Clementina

Hi Mason,

Thank you for clarifying. The post has been updated again to reflect this.

Hello Alyssa,

This is not amended. The headline still reads:

"Hermès 'MetaBirkin' NFTs Sell for Record Prices"

Sub — "Artist Mason Rothschild's new line of exclusive Hermès Birkin bags combine digital entrepreneurship with a more sustainable vision."

This is not an **Hermes Birkin Bag NFT**.

Resending this email.

We represent artist Mason Rothschild, the artist behind MetaBirkins.

We need this article corrected immediately.

Hermes did not create this NFT, this was created by Mason Rothschild.
Please see the attached official press release.

Can this be repaired ASAP?
